Solimar Fuentes

Professional System Engineer - AWS Engineer

September 18, 2018, Solimar reported directly to Robert

I had the opportunity to have Robert Jones as my manager for a year in DXC, he was always looking out for his employees, our needs

and motivating us 100 percent of the time. He always saw what we were capable of and what

we could provide for the technology industry, any employee who has Rob as a manager

is fortunate, thank you for seeing what I am capable of and giving me the

opportunity to continue growing professionally in the technology industry.

Gaynelle Clarke

Senior Professional System Administrator at CSC

September 4, 2018, Gaynelle reported directly to Robert

There are managers and then there is Robert. Robert is truly one of a kind. I reported to Robert for three years at DXC/CSC and was blessed to be part of his team.

Robert has the ability to push you just outside your comfort zone because he sees the potential that you may not realize for months or even years to come. This is a skill that most managers do not possess. He has frequent one-on-one engagements with team members and always encourages his team to achieve and to stay in touch with the latest technology especially with regards to DevOps and automation. He is also a manager that is skilled in the area of technology that he managed – another rare for managers. He has the leadership skills to allow you to grow but guides you to fulfill your greatest potential.

It was a pleasure reporting to Robert and I am certain the same will be echoed by future employees. Any employer would be fortunate to have Robert in their employ.

Jan E Sigtbakken Senior Server Professional at DXC

September 1, 2018, Jan E reported directly to Robert

Robert was my manager for 3 years at DXC/CSC. He is leader in the true sense of the word - with excellent people, management and technical skills. He is very inspiring manager and is always there to guide and coach his staff to accomplish success.

During the 3 year period Robert was my manager our main focus was on implementing cost saving solutions for our customers, primarily through an automation focused approach using DevOps tools. He was also a driving force delivering complex projects ontime.

Robert will be a major asset to any organization with his great personality and management style.

William Tooles

Linux Team Lead / Unix Assistant Team Lead at The Computer Merchant

September 1, 2018, William reported directly to Robert

Rob is one of those rare managers who also naturally serves as an inspiring mentor for the whole staff. I had the pleasure of reporting to Rob for three years at DXC. He was always organized and positive in his approach to the tasks and goals of our team. He addressed any issues and/or roadblocks quickly and efficiently, which made a dramatic difference in the productivity level of our team. He would always keep everyone at ease in his meetings with a little humor, also. Any employee would be lucky to have Rob as a manager.

Jem Pagán

BluSky Consulting - Digital Transformation Services

May 22, 2014, Robert was a client of Jem's

Robert is a dedicated and experienced infrastructure technology professional with an outstanding work ethic. Robert's leadership and strategic approach towards new technology has enabled his organization to adopt leading edge technology with expert risk-based management techniques in a highly regulated market vertical. Robert continues to maintain his relevancy to the IT industry through consistent research and analysis of emerging technologies and with a strategic emphasis on how technology can be adopted to drive differentiation, productivity and competitive advantages. I highly recommend Robert for a senior leadership role in IT.

John Macevoy

Systems Analyst-Lead at UPMC

November 18, 2011, John reported directly to Robert

I worked for and with Rob close to eight years at Federal Home Loan Bank. As a leader, Rob was never one to micro-manage, yet, is one that was always there to support and assist you when needed it. He is one who always compliments your strong points but manages to also help you see the areas of improvement. Rob is a strong addition to any team and I enjoyed working with him.

to Robert

I worked for Rob at FHLB-pgh for about 5 years. He was a very caring manager, trusting your ability to work independently while closely monitoring your performance. He got the best out of me.
